

**THE UPPER MUREȘ VALLEY FOREST WORKERS'STRIKE STRUGGLES IN THE
3rd DECADE OF THE XXth CENTURY (1922—1929)**

SUMMARY

The author presents the forest societies on the upper Mureș valley, considerably controlled by the foreign capital, and in whose factories (Gheorgheni, Gălăuțaș, Secu, Toplița etc.) the workers were cruelly exploited by their employers. Relying on a rich archivistic material, the author shows the revolutionary struggle of the forest workers, (between 1922—1929) directed and guided by the Romanian Communist Party, in order to obtain their rights and a better, dignified life.
