

**THE ACQUIRING OF THE BLAJ ESTATE BY THE GREEK-CATHOLIC
ROMANIANS FROM TRANSILVANIA AND THE FOUNDATION DIPLOMA
FROM THE 21ST OF AUGUST 1738**

SUMMARY

The present study tries a more careful and detailed discussion of the significances of the acquiring of the Blaj Bishopric estate by the Romanian Greek-Catholic Transylvanian church. It is also discussed the issuing of the foundation diploma from the 21st of August 1738, this subject never being independently treated, as far as now. The main lines of interpretation, prefigured with this occasion, must go deeply in the future, of course.
