

**THE ICONS ON GLASS CATALOGUE OF THE ROMANIAN ORTHODOX BISHOPRIC
OF ALBA IULIA COLLECTION
(II)**

SUMMARY

As we have in the introductory chapter of the 31st issue of our annuary, *Apulum*, we go on publishing the so-called Icons on Glass Catalogue of the Romanian Orthodox Bishopric of Alba Iulia Collection.

So, this time, our study deals with the 72 little masterpieces made at Nicula, beginning with the last quarter of the 18th century, and until the first decades of the 20th century.

The contribution of the peasant icon painters of Nicula is outstanding. These peasants have the merit of being the first icon painters in our country. They have also given a mass character to this concern for art, their houses becoming real painting workshops.

It is to these peasant painters, mostly anonymous ancestors, that we dedicate our study.
