

THE BEGINNING OF THE ACTIVITY AS A PUBLICIST OF THE POLITICAL ANALYST AUREL C. POPOVICI

SUMMARY

About the political analyst from Banat Aurel C. Popovici, an outstanding personality of the national emancipation fight of the Romanian people, as well as of the other peoples oppressed by the Austro-Hungarian Empire to the end of the 19th century and towards the beginning of the 20th. There have been done a lot of research studies. But his complex activity is yet little known even by keen historians. That is why, based on unpublished or published but less known material, our attempt in this present article is to implement in the circulation of research a true image of life and activity during the youth of Aurel C. Popovici between 1863-1891.

The study reveals several family dates, tracing his school and University education, bringing the necessary revisions, closely analyzing the beginning of Aurel C. Popovici's career as a publicist.

Moreover, we recorded his involvement and recruitment in the national-political fight even since 1890, along with the other representatives of the Romanian People in Transylvania and Hungary.
