

CONTRIBUTIONS TO HISTORY OF FIREMEN IN PETREȘTI AND SEBEȘ**(SUMMARY)**

The promotor make an interesting incursion in the reunion's hystory of professional and voluntary fireman's from Petrești and Sebeș (district Alba), with hint at the work of statutes, of those witch where grouped in "districts": bărcători (climbers), tulumbași (firemans), sacagii (carryers or water) and sentinele (defenders). Are made interesting refers at the fire pump witch belong to the city Sebeș, located at muzeum of place town, witch posses more other original objects and documents related by the hystory of this paramilitary organization: register with verbal proceses of firemans, helmet of fireman, diploma of merit for the activity in fireman's reunion. Interesting photos – record office – quisled with unpublished refers at firemans activity from local newspaper, bring useful contributions at firemans hystory and the city Sebeș in generally.
